

## Project Planning Phase

### Project Planning Template (Product Backlog, Sprint Planning, Stories, Story points)

|               |               |
|---------------|---------------|
| Date          | 14 July 2026  |
| Team ID       |               |
| Project Name  | Book a Doctor |
| Maximum Marks | 5 Marks       |

#### Product Backlog, Sprint Schedule, and Estimation (4 Marks)

Use the below template to create product backlog and sprint schedule

| Sprint   | Functional Requirement (Epic) | User Story Number | User Story / Task                                                                                         | Story Points | Priority | Team Members |
|----------|-------------------------------|-------------------|-----------------------------------------------------------------------------------------------------------|--------------|----------|--------------|
| Sprint-1 | Registration                  | USN-1             | As a user, I can register for the application by entering my email, password, and confirming my password. | 2            | High     | Ashok        |
| Sprint-1 | Registration                  | USN-2             | As a user, I will receive a confirmation email once I have registered for the application.                | 1            | High     | Chandrika    |
| Sprint-1 | Registration                  | USN-3             | As a user, I will receive a confirmation email once I have registered for the application.                | 2            | Medium   | Harshitha    |
| Sprint-1 | Login                         | USN-4             | As a user, I will receive confirmation email once I have registered for the application                   | 1            | High     | Ashok        |
| Sprint-1 | User Profiles                 | USN-5             | As a doctor, I can set up my medical profile (specialty, fee, clinic address, and qualifications).        | 5            | High     | Chandrika    |
| Sprint-1 | User Profiles                 | USN-6             | As a patient, I can set up and edit my personal medical history dashboard.                                | 5            | High     | Harshitha    |
| Sprint-1 | User Profiles                 | USN-7             | As a user, I can upload and crop my profile picture                                                       | 2            | Low      | Ashok        |

| Sprint   | Functional Requirement (Epic) | User Story Number | User Story / Task                                                                                 | Story Points | Priority | Team Members |
|----------|-------------------------------|-------------------|---------------------------------------------------------------------------------------------------|--------------|----------|--------------|
| Sprint-2 | Search & Discovery            | USN-8             | As a patient, I can search for doctors by typing their name or medical specialty.                 | 2            | Low      | Harshitha    |
| Sprint-1 | Search & Discovery            | USN-9             | As a patient, I can filter search results by physical location, fees, and real-time availability. | 2            | Medium   | Chandrika    |
| Sprint-1 | Search & Discovery            | USN-10            | As a user, I can log into the application by entering email & password                            | 1            | High     | Harshitha    |
|          | Dashboard                     |                   |                                                                                                   |              |          |              |
|          |                               |                   |                                                                                                   |              |          |              |
|          |                               |                   |                                                                                                   |              |          |              |

### Project Tracker, Velocity & Burndown Chart: (4 Marks)

Here is the exact tracker table formatted for your 14 Sprints starting in July 2026, matching the exact column layout of your template:

| Sprint   | Total Story Points | Duration | Sprint Start Date | Sprint End Date (Planned) | Story Points Completed (as on Planned End Date) | Sprint Release Date (Actual) |
|----------|--------------------|----------|-------------------|---------------------------|-------------------------------------------------|------------------------------|
| Sprint-1 | 21                 | 6 Days   | 06 Jul 2026       | 11 Jul 2026               | 21                                              | 11 Jul 2026                  |
| Sprint-2 | 8                  | 6 Days   | 13 Jul 2026       | 18 Jul 2026               |                                                 |                              |

| <b>Sprint</b>    | <b>Total Story Points</b> | <b>Duration</b> | <b>Sprint Start Date</b> | <b>Sprint End Date (Planned)</b> | <b>Story Points Completed (as on Planned End Date)</b> | <b>Sprint Release Date (Actual)</b> |
|------------------|---------------------------|-----------------|--------------------------|----------------------------------|--------------------------------------------------------|-------------------------------------|
| <b>Sprint-3</b>  | <b>8</b>                  | <b>6 Days</b>   | <b>20 Jul 2026</b>       | <b>25 Jul 2026</b>               |                                                        |                                     |
| <b>Sprint-4</b>  | <b>10</b>                 | <b>6 Days</b>   | <b>27 Jul 2026</b>       | <b>01 Aug 2026</b>               |                                                        |                                     |
| <b>Sprint-5</b>  | <b>6</b>                  | <b>6 Days</b>   | <b>03 Aug 2026</b>       | <b>08 Aug 2026</b>               |                                                        |                                     |
| <b>Sprint-6</b>  | <b>8</b>                  | <b>6 Days</b>   | <b>10 Aug 2026</b>       | <b>15 Aug 2026</b>               |                                                        |                                     |
| <b>Sprint-7</b>  | <b>9</b>                  | <b>6 Days</b>   | <b>17 Aug 2026</b>       | <b>22 Aug 2026</b>               |                                                        |                                     |
| <b>Sprint-8</b>  | <b>7</b>                  | <b>6 Days</b>   | <b>24 Aug 2026</b>       | <b>29 Aug 2026</b>               |                                                        |                                     |
| <b>Sprint-9</b>  | <b>8</b>                  | <b>6 Days</b>   | <b>31 Aug 2026</b>       | <b>05 Sep 2026</b>               |                                                        |                                     |
| <b>Sprint-10</b> | <b>10</b>                 | <b>6 Days</b>   | <b>07 Sep 2026</b>       | <b>12 Sep 2026</b>               |                                                        |                                     |

| Sprint    | Total Story Points | Duration | Sprint Start Date | Sprint End Date (Planned) | Story Points Completed (as on Planned End Date) | Sprint Release Date (Actual) |
|-----------|--------------------|----------|-------------------|---------------------------|-------------------------------------------------|------------------------------|
| Sprint-11 | 8                  | 6 Days   | 14 Sep 2026       | 19 Sep 2026               |                                                 |                              |
| Sprint-12 | 8                  | 6 Days   | 21 Sep 2026       | 26 Sep 2026               |                                                 |                              |
| Sprint-13 | 8                  | 6 Days   | 28 Sep 2026       | 03 Oct 2026               |                                                 |                              |
| Sprint-14 | 6                  | 6 Days   | 05 Oct 2026       | 10 Oct 2026               |                                                 |                              |

### Velocity:

Imagine we have a 10-day sprint duration, and the velocity of the team is 20 (points per sprint). Let's calculate the team's average velocity (AV) per iteration unit (story points per day)

$$AV = \frac{\text{sprint duration}}{\text{velocity}} = \frac{20}{10} = 2$$

## Burndown Chart:

A burn down chart is a graphical representation of work left to do versus time. It is often used in agile software development methodologies such as Scrum. However, burn down charts can be applied to any project containing measurable progress over time.
